YANKS MAKE BOCHES UNEASY

Manifested About Verdun Sector Which U. S. Troops Hold.

With the American Army in Lorraine, May 8.—The enemy is showing uneasiness along the left bank of the Meuse (Verdun sector). This is manifested every night by the use of brilliant lights and by much artillery and machine gun firing and aerial activity.

In the sector northwest of Toul there is heavy firing in the vicinity of Selcheprey, which the Germans temporarily captured recently, but from which they were driven out by a Franco-American counterattack.

American patrols report the German lines are sparsely held on all American sectors, indicating the enemy has drawn all men possible from the entire front to make up their losses in Picardy. This probably accounts for their uneasiness.

Nicaragua Joins Allies.

San Juan Del Sur, Nicaragua, May 8.—The Nicaraguan congress has declared war on Germany and her allies. Nicaragua's action follows that of its neighbor, Guatemala, which last month declared war on Germany. Nicaragua severed relations with Germany a year ago. It is the 29th nation which has declared war against Germany.

With a jingle of cow bells, of tooting, the pathfinder car of the Northern Minnesota Development association set out this morning for Walker to cover the route. On board were John T. Woodhead at the helm and Fred T. Lincoln, secretary of the N. M. D. A.

They got away to a flying start. The Woodhead Ford racer was snorting like a leashed flat. Sparks poured out. The racer was gayly decorated.

Mr. Woodhead said he would drive easy, but the car has a record of 60 miles or more an hour and the lone passenger may see some whirling scenery before a stop is made.

Here's hoping they won't run by Walker.

American Aviators are Keen Fighters

(By United Press)
With the American Army in Lorraine, May 8.—American aviators are keen fighters and their successes have led the Germans to bring their successful aviators to Toul sector to punish them. The Germans are using new tricks to deceive the Americans one of which is to send two German planes to cause an alarm and following quickly with reinforcements greatly outnumbering the few Americans sent up to repulse the alarmers. Another trick is to send one German to lure the Americans behind the German lines and then reinforcements drop on Sammy.

FIRE IN THE KOOP BLOCK

Fire in the rooms adjoining those used by the Red Cross as work and store rooms over the Koop block caused considerable anxiety by the members of the organization last evening.

The firemen responded promptly and the blaze on the second floor was located among some packing boxes and quickly extinguished. There was some smoke and water damage, some glass of partitions splintered.

The smoke curled up and found a vent through the glass skylight of the ceiling. The origin of the fire is unknown, but supposed to be from defective wiring.

Twenty-eight district and other chairmen, men of action in the coming big Red Cross War Fund Campaign to be inaugurated in Crow Wing county May 18, dined at the Ransford hotel Tuesday evening, County Chairman D. D. Schrader presiding.

It was an enthusiastic gathering. If there was such a word as "fail" or "pessimism" in this world, no one unearthed it. Instead sunshine, energy, vitality, optimism radiated from every corner of the room and hung about the words of every speaker.

The district chairmen absorbed copiously the instructions and became just so many dynamos ready to charge their solicitors and workers in the fields.

Will Brainerd attain its \$15,000 quota?

Ask any chairman at the close of that meeting and he would say without a stutter: "She will make the grade."

A most satisfying menu was discussed and then Chairman D. D. Schrader made the introductory remarks.

"The Red Cross is one of the great agencies in winning this war," said he. "The heart of America is open to anything that spells love and mercy."

George D. LaBar, treasurer of the Brainerd Chapter of the Red Cross, spoke of the first campaign. About \$4800 was collected. But the people had not all been educated to the point of giving. Few workers were in the field.

American Troops Arriving.

Paris, May 8.—Active artillery fight-
ing occurred on both sides of the
Avre on the front southeast of Amiens,
the war office announces.

"West of Hangard En Santorre
(where American troops are in the
line) a German surprise attack failed,"
said the statement. "Our local opera-
tions there resulted in the taking of
some enemy prisoners."

American troops are continuing to
arrive on the front in France, Pre-
mier Clemenceau told Marcel Hatu,
editor of the Echo De Paris, in return-
ing today from a two day visit to the
front area. The premier brought back,
he said, a feeling of confidence in the
inviolability of the Allied forces.

Foe Held in Check.

Lonebray, May 8.—Germany's
hordes are still held in check. Neither
in Flanders nor in Picardy nor along
the important Arras sector has the
enemy renewed his attacks in force
and he has not reacted against the
gain made north of the Somme by the
Australians in which more than 200
prisoners were captured.

On both battle fronts, however, the
artillery fire has been most intense
and the German attack cannot much
longer be delayed if the enemy hopes
to take advantage of whatever damage
has been done to the Allied positions
by the heavy bombardments carried
out by his guns since the repulse
north of Mont Kemmel more than a
week ago. The greatest German ar-
tillery activity has been on the north-
east half of the Flanders front and
south of the Somme to below the Avre
in Picardy.

The Austro-Hungarian blow against
the Italian front has not developed.
Rome reports only moderate artillery
fire along most of the front from Swit-
zerland to the Adriatic and no infan-
try activity. The Austrians, however,
may be waiting for the most favorable
moment, probably the renewal of the
German drive in France.

TOWN NAMED FROM POT HOLE

How Important Industrial City of the East Get Appellation Which Has No Mate in History.

Canajoharie, N. Y. (the only town of the name in the world), derives its Indian name, meaning "The Pot that Washes Itself," from a large pot hole in the bed of the Canajoharie creek.

This natural curiosity is a hole about fifteen feet in diameter worn in the solid limestone bed of the creek by the action of the water, says Boy's Life, the Boy Scouts' magazine. In the days of the Indians it was supposed to be bottomless, but as the years have rolled on landslides have filled it to within about ten feet of the surface.

The pot hole is situated at the mouth of a gorge cut through the slate and limestone rocks. About a mile above is a beautiful fall fifty feet in height, at the top of which is a sulphur spring which the Mohawks used for medicinal purposes.

Why Hen Likes or Dislikes You.

"Hens are funny sorts of creatures," observes a poultry fancier. "They have their likes and dislikes—especially dislikes. If you move a hen she turns crusty, and won't lay eggs. She likes her old home, and takes an abominable time to get used to the new."

"If you wave a cloth within sight of the occupants of your fowl run, you will hear a shocking row. This particular noise is known as the 'danger signal,' and sometimes will be indulged in without a single break for as long as twenty minutes."

"If you take it into your head to rearrange the nest boxes, depend upon it Eddy will pay you out. She will miss that day with her usual egg."

"Provided they are good, it's wisest to stick to old things in poultry keeping, and not to shift them unless you are compelled to do so. At least, there's one thing you can change and that's the fodder. Hens won't object to that at all; in fact, they like it."

Why He Eats But One Meal A Day.

The man who thinks he is living the simple life on three Hooverized meals a day ought to know C. B. Woodhead, a rancher of Los Angeles county, Cal. Woodhead has been living on one meal a day for fifty years. He is seventy-two years old and is a veteran of the Civil war. He started his one meal a day program soon after the Civil war and has kept to it. "I eat my one meal," he says, "at night just before bedtime, when a man gets his digestion up to normal, and he can eat and sleep like any other animal. I eat no more than any other person at a meal. I feel very fit and expect to live many more years. I don't smoke and I don't drink."

At the Best Today

Apparently the Japanese take pictures far more seriously than do Americans; at least that would be the assumption from Sessue Hayakawa's statement that his performance in "The Cheat," a former Paramount picture which reentered the Oriental actor extremely popular with American playgoers, made him unpopular with some of his countrymen.

This fact was developed recently when Sessue Hayakawa asked Director William C. De Mille what the nature of his role would be in "The Secret Game," which is his latest Paramount picture.

"A Japanese spy," answered Mr. De Mille.

"Nothing doing!" said the Nipponese firmly. "I can't afford to take another chance of making myself unpopular with my countrymen as I did with them when I played in 'The Cheat.'"

"But," explained the other, "you are supposed to be working for the American government this time."

"Fine!" exclaimed Hayakawa, "that makes it all right."

"The Secret Game," which is a very stirring story written by clever Marlon Fairfax, will be shown at the Best theatre today.

At the Best Tomorrow

Earle Williams, Vitagraph star who is noted for the forceful personality which he registers in his screen work, was born in Sacramento, California. His father was one of the early settlers who emigrated from Booneville, Missouri. Science failed to attract Mr. Williams, for he left the Polytechnic College of California, without waiting for his degrees. After some training in stock companies he followed the path taken by so many other famous actors of the pictured drama and entered the moving picture field with Vitagraph, as an extra. His finely carved features and the cogency with which he expresses his strong personality on the screen soon won him recognition by Albert E. Smith, Vitagraph's president, and placed him in the top ranks of leading men. As the ascetic man from the hills in "In the Balance," the Greater Vitagraph Blue Ribbon Feature, which will be the attraction in the Best theatre tomorrow, Thursday, he depicts a man who has secluded himself in his ancestral home. There he leads the life of a recluse, till, through an accidental meeting with a great actress, he wins her heart. This is stirring story told in his powerful story, which is adapted from "The Hillman," the novel by the famous English author, E. Phillips Oppenheim. Mr. Williams as "John Strangeway, the Hillman," and Grace Darmond as "Louise Maurer, the actress," are supported by Miriam Miles, Denton Vane, Julia Swayne Gordon, Robert Gaillard and Templar Saxe.

CALLS POLICY DANGEROUS

Sir Edward Carson Opposes Irish Home Rule Plan.

London, May 8.—Sir Edward Carson, the Ulster Unionists' leader, in another forcible letter to the press, warns the government of the danger of its home rule policy. He expresses doubt as to whether the government really intends to apply conscription to Ireland and urges the Unionist party to compel reconsideration of the government's policy.

The Unionist members of parliament are signing a requisition asking Mr. Bonar Law to summon a party meeting for Thursday in order that full statement may be made concerning the home rule bill.

Last Son of Revolution Dead.

Omaha, May 8.—Nelson Moore, believed to be the last real son of the American revolution, died at his home here. Moore was born near Vernon, Oneida county, N. Y. His father, at the age of 15, was fighting with the continental army and was with Washington at Valley Forge.

Bolsheviks Stir Berlin.

Amsterdam, May 8.—The embassy of the Bolshevik Russian government in Berlin has opened for business at the old Russian quarters on Unter Den Linden. Meanwhile the German Capital is scandalized over the going on at house warming party held there and which lasted until 3 o'clock in the morning. An opulent banquet, said to have cost forty marks a head exclusive of beverages, was served. On the wine list figured champagne, hock, claret and vodka, all of which flowed in streams.

AVIATOR IS MISSING

American Machine Is Brought Down Behind Enemy Lines.

Capt. James N. Hall and Other Americans Engaged Four German Machines.

With the American Army in France, May 8.—Flight Captain James N. Hall, author and well known American aviator, is missing after a thrilling battle ten miles inside Germany, near the Toul sector.

The fight was between three American planes and four German machines, which apparently belonged to the "flying circus."

Two German machines also went to earth during the battle in a crippled condition.

Captain Hall's home is Colfax, Ia. Norman Hall was one of the original members of the La Fayette escadrille, with which he served until it was taken over by the American army. He, with Major William Thaw and Roul Lufberry, achieved the greatest distinction by exploits in battle. One incident which occurred early in Hall's career was the fighting single handed of eight German planes. In this unequal contest he was shot through the lung. He managed to reach his own lines and upon recovery from his wound immediately returned to the front.

Both Ends (Producer and Consumer) Against The Middle (The Packer)

The consumer wants to pay a low price for meat. The farmer wants to get a high price for cattle.

The packer stands between these conflicting demands, and finds it impossible to completely satisfy both.

The packer has no control over the prices of live stock or meat, and the most that can be expected of him is that he keep the difference between the two as low as possible. He does this successfully by converting animals into meat and distributing the meat at a minimum of expense, and at a profit too small to be noticeable in the farmer's returns for live stock or in the meat bill of the consumer.

Swift & Company's 1917 transactions in Cattle were as follows:

	Average Per Head
Sold meat to Retailer for	\$68.97
Sold By-products for	24.09
Total Receipts	\$93.06
Paid to Cattle Raiser	84.45
Balance (not paid to Cattle Raiser)	\$ 8.61
Paid for labor and expenses at Packing House, Freight on Meat, and Cost of operating Branch distributing houses	7.32
Remaining in Packers' hands as returns on investment	\$ 1.29

The net profit was \$1.29 per head, or about one-fourth of a cent per pound of beef.

By what other method can the difference between cattle prices and beef prices be made smaller, and how can the conflicting demands of producer and consumer be better satisfied?

WHY IS LINDBERGH AT LARGE?

(Fergus Falls Journal).

When the United States government, acting through District Attorney Jacques, secured the indictment and conviction of James A. Peterson, for disloyalty to this country a few weeks ago, we doubt if the officials were aware that Charles A. Lindbergh had written and published a book containing statements which in the opinion of many people are more traitorous than anything that Peterson had put out. Lindbergh is the Non-Partisan League candidate for governor. Peterson was out for the senate and would have had the support of the League leaders for that office.

Read this extract from Lindbergh's book. It is one of several:

"It has indeed been humiliating to the American people to see how the wealth grabbers, owners of the big press, actually attempt by scurrilous editorials and specially prepared articles, to drive the people as if they were a lot of cattle to buy bonds, subscribe to the Red Cross, to register for conscription, and all the other things."

Could the Kaiser of Germany ask for anything better calculated to help Germany than this? Could he ask for anything more strongly calculated to discourage enlistments, to discourage bond buying, to discourage Red Cross activities? Is it not right in line with Townley's "war of the rotten rich" and similar traitorous utterances?

Why should the newspapers of the United States donate, free of charge, hundreds of columns of their space to urging enlistments, urging people to buy bonds and to subscribe for war activities if an ex-congressman and candidate for governor is allowed to publish books abusing them for doing it? Why should they antagonize pro-German subscribers if such a man as this is to become the possible governor of the state?

Two weeks ago, we sat in the Lyceum theatre of this city and listened

NUXATED IRON

"Say Doctor This Prescription Works Like Magic!"

Physician Says Nuxated Iron Quickly Fulfills Antacid Strength and Energy into the Veins of Men and Brings Blood to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital, (Outside Dept.) New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency, but do not know what to take. There is nothing like organic iron—Nuxated Iron to quickly enrich the blood, make beautiful, healthy women, and strong, vigorous men. To make absolutely sure that my patients get real organic iron and not some vile imitation, I always prescribe Nuxated Iron in its original packages. Nuxated Iron will increase the strength and endurance of weak, nervous run-down folk in two weeks time, in many instances."

Manufacturers: Nuxated Iron recommended solely by Dr. Sullivan can be obtained from any good druggist with or without a physician's prescription or an absolute guarantee of purity or quality of the product.

for two solid hours to Lindbergh's campaign address. In that long, heavy, dull speech we did not hear one word to which Kaiser Wilhelm of Germany or any of his six stalwart sons could take the slightest exception. No one hearing that speech would have known that Germany was any more to blame for this war than any other nation. On the other hand we heard that Minnesota had for twenty-five years been governed by a gang of thieves, or words that meant substantially that.

Why is Charles A. Lindbergh allowed to go scott free while James A. Peterson is indicted, convicted and sentenced?

HEART OF BRITISH EMPIRE

Good Reasons Why Trafalgar Square, in London, Has Been Given That Appellation.

Trafalgar square has been called the heart of the British empire, the most truly English spot in London. It is not of Leicester square or Piccadilly that London Tommy dreams, but of Trafalgar square, with the statue of Nelson in the center. The statue on the slender column is England's best-loved hero. The figure of Nelson, three times the natural size, is reared 145 feet in the air, with Landseer's four lions of bronze at the base.

Many of the most important buildings of the city are grouped around the square. The National gallery, with its art collection, faces the Nelson column. The collection was begun in 1824 and is one of the finest in the world. In the upper part of the square is the church of St. Martin-in-the-Field, where Nell Gwyn lies buried. This last bit of information is apt to interest the visitor more than the fact that Bacon was christened at the church's altar.

The column stands at the crossing of some of the most famous streets in London. Charles the First walked down Whitehall to his execution. The Strand, branching from the square, is the main artery of the city as well as the favorite meeting place of the people. Bustling, noisy, crowded, fondly beloved by Londoners to be broad, it is the busiest street in the empire. The principal shops and many of the hotels are on this street.

BUILT BY ORDER OF CZAR

City of Harbin, Railway Center and Military Depot, Has Also Become Great Flour Center.

The city of Harbin was built to order for the one-time czar of all the Russias, who, in constructing the Trans-Siberian railway, found that he needed the little village of Harbin as a railway center and military depot. Only a little diplomatic juggling was required, and the village began to grow up and expand before the puzzled eyes of its peaceful inhabitants. The new Harbin did not absorb the old part, but was built beside it, so that the farmers still continue to raise their millet and wheat untroubled by diplomacy and troop maneuvers.

There are few Chinese and almost no foreigners in the city. Russia discourages alien immigration, and by agreement with China, only Russians and Chinese are allowed to hold land, construct houses or have any permanent business interests in Harbin. Russian railroad officials and workers and Russian colonists and troops are the chief residents of the entire neighborhood.

Harbin is called the "flat city," because of its position in the level valley of the Sungari river, with mountains protecting it on east and west. It is the four center of the East. The fields are covered with grain, and down on the Sungari river front Manchus coolies load endless junks with flour ground in the modern mills of the city.

CABINET FACES SERIOUS CRISIS

British Government Will Ask for Division in the House of Commons.

MAURICE IS ACCUSER

Recently Removed General Charges Premier Lloyd George and Other Cabinet Officials With Making Certain Misstatements.

London, May 8.—The Government has decided to treat Mr. Asquith's motion on the General Maurice affair as a vote of censure and has issued a call to its supporters to attend the House of Commons Thursday for a division. This is taken to imply that the proposed inquiry, whether by judges or a parliamentary committee, has been abandoned and that the matter has been left entirely to the judgment of the House.

London, May 8.—The government intends to ask two judges to act as a court of honor to probe charges made by Gen. F. B. Maurice, who was recently removed as director general of military operations at the British war office, Andrew B. Law, government spokesman, announced in the House of Commons.

Mr. Bonar Law said the army council was dealing with questions of discipline growing out of a letter written by General Maurice.

Former Premier Asquith gave notice that he would move for the appointment of a committee from the House of Commons to investigate the Maurice affair, instead of having the inquiry made by judges. The motion will be debated on Thursday.

Misstatements Charged.

The letter of General Maurice was written to the morning papers. It charges Mr. Bonar Law and Premier Lloyd George with having made misstatements in the House of Commons with reference to military matters, and says they are the latest in a series recently made by the government in parliament.

General Maurice recalls that Mr. Bonar Law, while answering questions in the House of Commons on April 23, said the extension of the British front in France was not dealt with by the Versailles war council and he asserts that the chancellor of the exchequer's statement is incorrect. He declares:

"I was at Versailles when the question was decided by the council to which it had been referred."

General Maurice then traverses Premier Lloyd George's assertion on April 9 that the British army in France was considerably stronger on Jan. 1, 1918, than it was on Jan. 1, 1917, adding: "That statement implies that Haig's fighting strength on the eve of the battle beginning March 21 had not been diminished. That is not correct."

General Maurice also denies the truth of Premier Lloyd George's assertion that there was only one white division in Mesopotamia and only three white divisions in Egypt and Palestine.

AUSTRIANS MAY REVOLT

Organized Labor Makes Threat For Parliament Suspension.

Manifesto To Be Issued Calling The People To Fight For Their Rights.

Copenhagen, May 8.—According to information received here, all work in Austria-Hungary ceased on May day. A resolution demanding an eight-hour day was passed by the workers.

This is the first information received in this country that the demonstration planned for May day (May 1), the European labor day, was carried out successfully. The one day walk-out, organized by trades unions and socialists, was intended as a demonstration in favor of promised electoral reforms and better food conditions.

To Issue Manifesto.

Berne, Switzerland, May 8.—Labor and socialist organizations in Austria threaten revolt against the government action in suspending parliament. Swiss newspapers print a telegram from Vienna to the effect that a committee of the German socialist deputies club have decided to issue a manifesto to the working class in regard to the government action in which the following declaration will be made:

"If absolutism is re-established out of regard for pan-Germanism which is prolonging the war, the working classes will be forced to fight for their rights."

The manifesto concludes by exhorting the workers to hold themselves ready to fight if necessary.

This is one of Hugh Gibson's Belgian stories:

"This morning a large, badly frightened darky came in looking for a passport. He waited his turn very quietly and grew visibly more and more apprehensive at the long series of questions asked of the people ahead of him. When he moved up to the desk the first question was:

"Where do you want to go?"

"Yes as far as the statue of Liberty."

"Are you an American citizen?"

"Me? Laved bless yuh! No, I ain't nuthin' but a plain ole Baltimore con."

"They gave him the usual blank to fill out. One of the questions on it was:

"Why do you desire to return to the United States?"

"Without any hesitation he wrote: 'I am very much interested in my home at the present time.'"

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

"That's the shoe I wear—the Gotzian."

"I always come back to the Gotzian dealer for the same shoe every time. I don't have trouble breaking in Gotzian shoes. They fit my feet right from the start, the way no other shoes ever have. I've picked out a particular Gotzian last and I stick to it."

Gotzian shoes for men are molded over foot form lasts. Expert shoemakers design them first of all for comfort, and then for style. They are shown in a wide variety of leathers and up-to-the-minute designs.

You can't enjoy life when your feet are uncomfortable. The Gotzian dealer will select the last that's just made for your foot, and which will give you a new idea of foot ease. Look for the name "Gotzian" on the sole. It's your guarantee of comfort.

CALL TO EVERY MEDICAL MAN

Of Mississippi Medical Association,
Purpose to Get Doctors to Join
Medical Reserve Corps

MINNEAPOLIS MEETING PLACE

5,000 Physicians are Needed for the
Army and 1,000 for the Navy.
Call is Urgent

A call has been sent out to every medical man in the Upper Mississippi Medical association.

The Committee of National Defense at Washington, has instructed Major Henry D. Jump to hold a meeting on the evening of Saturday, May 18th, at 8 o'clock, in the Gold Room of the Radisson hotel, Minneapolis.

This meeting is for the purpose of getting all the physicians possible in Minnesota to join the Medical Reserve Corps. All physicians up to fifty-five years of age are eligible. The need of physicians for this Medical Reserve Corps is very urgent. Five thousand physicians are needed for the army and one thousand for the navy. All those of proper age will probably receive commissions. Those who are incapacitated from active duty in any manner will undoubtedly be given some service as to assist our government in this great emergency.

The wives, mothers, sisters and friends of the physicians, as well as the public, are requested to be present at this meeting as it will be purely a patriotic affair.

It is hoped to have Governor J. A. A. Burnquist present, either to preside or to speak at the meeting, and other prominent men will take part.

It is urgently requested that all physicians in the state will respond promptly and thus show their patriotism and their enthusiasm in attempting to rid the world of the horrible menace that now confronts it.

DEGREE OF HONOR

Lodge Entertains 32 Visitors From
Little Falls Who Witnessed
Initiation

The Degree of Honor at Elks hall Tuesday evening initiated a class of candidates and gave a program. The meeting was a notable one for thirty-two visitors were present from Little Falls, motoring to the scene. They were pleased with the drill work of the degree team and expressed their delight at being present.

RED CROSS AUCTION SALE

At Hubert School on Saturday Evening, May 11—Ducks, Chickens,
Etc., to be Sold

A Red Cross auction sale is to be held at the Hubert school on Saturday evening, May 11, proceeds to go towards the big drive quota. Farmers have brought their choicest chickens, ducks, etc., to the sale. Many other useful things have been donated.

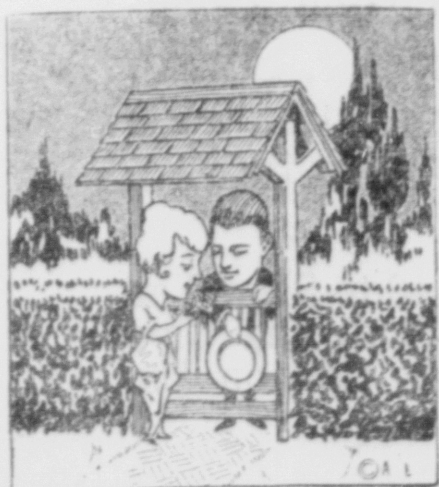

ROLL OF HONOR

Edwin O. Swanson, brother of G. S. and Hilding Swanson of this city, has been commissioned a first lieutenant in the officers' reserve corps.

Gust Elston has joined the infantry and is now stationed at Camp Custer in Michigan.

Helps to Keep Fit

When the digestion is out of order, it throws the whole physical being out of gear. B. B. BRAINERD MAN WOUNDED IN ACTION

(By United Press)

Washington, May 8—Among seventy-five casualties announced by the war department today is Gunnard Erickson, 1720 Maple street S. E., Brainerd, a private, who was slightly wounded.

Inquiry at the residence in Brainerd elicited the fact that Gunnard Erickson enlisted two years ago at Duluth and has been in France a year. He is a brother of Charles J. Erickson and while in the city had worked at the tie plant.

HELP THE POLICE IN THIS MATTER

Two women from out of town are peddling drugs, salves, etc., in Brainerd and are operating without the required city license. In addition reports reach the police that the women are putting up a pro-German talk at households visited.

Anyone called on by these women, please detain them and call for the police. Chief John D. Giles has already made three flying trips in automobiles to head off the suspects but could not locate them.

DISTRICT CHAIRMEN OF RED CROSS DRIVE

(Continued from page 1)

field and it required earnest effort to win success.

Paul G. Clarkson, chairman of the Red Cross parade of May 18, said it would occur at 4 o'clock in the afternoon and many novel features would be introduced. Every rural secretary and chapter should be represented. Those having cars to donate that day should register same and carrying capacity with the secretary, Fred T. Lincoln.

Henry I. Cohen, chairman of the Brainerd district, reviewed local problems.

Dr. J. A. Thabes, chairman of the "flying squadron" of automobiles, spoke of the first campaign.

Fred T. Lincoln spoke on publicity work and promised to do his best. There was the press, speakers, 4-Minute Men, posters, moving picture films and other agencies to spread the news of the drive and its progress.

E. A. Colquhoun, chairman of the speakers committee, spoke briefly. "If any district chairman needs a speaker," said Mr. Schrader, "call up Mr. Colquhoun."

D. T. Lawrence, chairman of the pulp committee, spoke of interesting the pastors in Red Cross publicity.

Dr. K. H. Hoorn, in charge of advertising in newspapers, mentioned work in his department.

County Chairman Schrader explained the map of the county and its districts, divided into territory similar to the Liberty Loan drive. Each chairman was to be ready the morning of May 20.

Carl Zapffe spoke on the Liberty Loan drive and the Y. M. C. A. work.

"You have a record of all past work to spur you on," he said.

In the first Liberty Loan campaign Brainerd raised \$188,000 or 80 per cent of the county's quota. On the second drive it raised more than its share and the same in the third.

With but little time for system, Brainerd raised \$7,000 out of an \$8,000 quota for Y. M. C. A. work.

When any one was found staying off a collector, he was marked and the whole organization was turned on him.

"When this Third Liberty Loan drive is finished, there won't be twelve blue cards to report," said Mr. Zapffe.

"You have the sentiment of the people back of you and can shame a slacker into doing his duty," said Mr. Zapffe. "You don't have to sympathize with any one."

"Everything you do these days should have but one object in view, winning the war. Do away with the non-essentials. Give your districts their quota to raise, something to strive for, a target to shoot at and they will hit the mark."

Mr. Zapffe's address was bristling with vim and vigor and every point was driven home.

Mr. Schrader referred to Col. Vest of Pequot who auctioneered the Red Cross sale at Velvet Beach. He was willing to give his services for Red Cross auctions anywhere in the county.

GARDNER STEVENS PASSED AWAY

Well Known Minneapolis Man Interested in Pequot and Agricultural Matters of County

WAS WITH THE COUNTY FAIR

Funeral Tuesday in Lakewood Cemetery—He Was Son of Late Col. John H. Stevens

Gardner Stevens of Minneapolis, well known in Crow Wing county and in Pequot where he took an active part in promoting the Crow Wing county fair, died Sunday at his home, 640 Nineteenth St. E., Minneapolis, at the age of 62.

He was the son of the late Col. John H. Stevens, first settler in the town of St. Anthony. The funeral was held Tuesday afternoon at Lakewood Chapel, with burial in Lakewood cemetery. He had been sick several months.

ST. FRANCIS PAROCHIAL SCHOOL

\$325.60 War Savings Stamps Bought by the Scholars to Date

St. Francis parochial school has been busy in the War Saving program. To date \$325.60 has been sold in stamps to the scholars in this school.

The school has just been reorganized into two societies: The boys in one and the girls in another and they are now in a contest as to which side shall sell the most stamps.

The W. S. S. savings of the public schools will be presented by room in these columns in a few days.

In the War Savings Stamp program Quinn Parker of Merrifield deserves special mention. He approaches every one coming into the office urging the purchase of stamps and the result is that he has by far the best record for his office of any in the county when population and conditions are taken into consideration.

The Woodrow Stamp Club will hold a meeting Wednesday evening at the school house. Speakers from Brainerd will attend and additional interest in stamp saving will be created.

The northeast part of the county has not gotten the stamp idea. A party will drive to that section Friday and will reach three communities in an educational campaign for W. S. S.

Saturday night four schools about Garrison will gather for a patriotic meeting when the W. S. S. plan and the Red Cross will be presented by Brainerd people.

PLENTY OF PROOF

From People You Know—From Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Brainerd, of people who can be seen at any time. Read the following case of it:

Peter Paulson, 402 Oak St. W., Brainerd, says: "About a year ago I was lifting some heavy bags and slipped and wrenched my back. For several days I was all in and could hardly attend to my work. It seemed to cause my kidneys to act irregularly, too. I had no energy to do anything, felt tired all the time and suffered from backache. I tried Doan's Kidney Pills and they soon relieved me. I have been free from backache and other kidney trouble ever since."

Tripoli in History.

Early in the eighth century Tripoli was conquered by the Arabs. In 1510 it was taken by Spain and in 1551 it was conquered by Turkey and held a long time. While a Turkish possession Tripoli was a resort of pirates and at different times several European powers sent fleets to bombard its capital. The United States made war on it in 1801-05. In 1911 war broke out between Italy and Tripoli, regarding the rights of Italian citizens to Tripoli. An Italian army landed in Tripoli and in February, 1912, the Italian parliament passed a bill annexing Tripoli. In October, 1912, a treaty was signed by which Turkey ceded the annexation, and since then Tripoli has remained an Italian possession.

She Got Good Results

This honest testimony from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, or any symptoms of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I sleep much better. Chintzes and Cretonnes in Home Beautifying

Chintzes and Cretonnes on the windows add an air of cheerful hospitality.

The windows of any room may be hung with appropriate Colonial Drapery Fabrics—two side drapes with a valance over the center space.

The style of valance can be varied—artistic pleasing effects can be secured by using simply the side panels without any valance or by making full curtains of chintzes or cretonne.

See our display of Colonial chintzes and cretonnes representing the latest ideas in home beautifying.

RETURN TO WAGER OF BATTLE

Warfare of the Future Likely to Be Restricted to Comparatively Few Combatants.

A day, not far removed, may come when the embattled hosts of rival nations will give place to a wager of battle to decide the conflict. The battle will then be confined to the combatants alone without violent interference with the peaceful pursuits of noncombatants or destruction of their property.

First, however, we must evolve great engines of destruction, so perfect that a few skilled heroes will direct each one of them. These war machines will be so costly that only a few great powers will have the resources to construct and maintain them. Wise legislation and skillful systems of taxation will be necessary to organize the whole people for their support. A chosen few, picked from the whole nation, will man them, men in the full vigor of their strength, physically perfect to endure the terrible strain, and powerful of brain to meet and surmount every intricacy of mechanics and every difficulty of strategy.

Above all, these hero supermen must be of such unswerving character that they will, day in and day out, without surcease, devote their unflinching zeal to the great task of defending the civilization for which they contend. The evolution and the increasing economic burden of maintenance of this machinery will make war the luxury of the most powerful states and will cause the area of war constantly to recede. Small nations will no longer be able to maintain military establishments, and eventually the millions of men who now battle upon the field of honor will have been replaced by a contest among a few men in control of stupendous machinery.—Ellery C. Stowell in the Century Magazine.

RUSSIAN SHIPS SHELL GERMANS

War Vessels in Black Sea Attack Enemy Land Forces at Mariupol.

DETAILS ARE LACKING

Slav Fleet at Sebastopol Evidently Managed to Escape When Tensions Captured That Naval Base.

Berlin, via London, May 8.—German forces in the harbor of Mariupol have been shelled by Russian warships, the German war office announced. The statement says: "In the harbor establishments of Mariupol we were bombarded by Russian ships."

Mariupol is a Russian seaport on the north shore of the Sea of Azov, 140 miles southeast of Yekaterinoslav. The Berlin statement indicates that part of the Russian Black Sea fleet is still at large and actively opposing the German invasion along the littoral in the direction of the Caucasus. The fact that the Berlin war office takes occasion to make a special announcement of the attack by Russian ships may indicate that the Germans thus wish to justify further aggressive measures in Russia.

One of Germany's boldest aims in connection with the conquest of Russia is to join the Russian Black Sea fleet with the Turkish naval forces and attack the Allied bases in the Mediterranean. It was feared for a time the Germans had captured the Black Sea fleet when Sebastopol was occupied, but the German statement discloses that the Russian warships again escaped.

HODGSON IS CHOSEN MAYOR

Socialist Candidate Is Badly Defeated at St. Paul.

St. Paul, May 8.—Laurence C. Hodgson was elected mayor of St. Paul over Julius E. Emme, Socialist, by one of the largest majorities ever returned in that city for a city official. Hodgson more than doubled Emme's vote and his majority was estimated at better than 12,000 votes. A heavy vote was cast.

The charter amendment to put St. Paul on a cash basis probably was adopted. Tabulation of this vote was delayed by the count for mayor. It was evident that the amendment was receiving a majority throughout the city and it was thought that the total vote would show a majority of more than the necessary three-fifths.

APPROVES TOBACCO CARDS

French Cabinet Acts to Secure Fair Distribution.

Paris, May 8.—The issuance of tobacco cards was approved in principle by the cabinet. The cards will not be of the same character throughout the country, like the bread and sugar cards, the municipalities being permitted to enforce the regulation according to local needs.

The card will be delivered to male consumers more than 16 years old. Each consumer must name the dealer whom he intends to patronize.

The object is to obtain a fair distribution of the available tobacco supply.

UKRAINIANS MAKE DEMANDS

Government Threatens to Quit Unless German Leaders are Removed.

London, May 8.—The Ukrainian government has sent a note to Berlin intimating that it will resign if several German officials are not recalled by Germany, says a Reuters dispatch from Moscow. The note specifically mentions General von Eichenhorn, the military commander, and Baron Mumm von Schwarzenstein, the German ambassador.

ENEMY FIRES ON RED CROSS

Mission Fleeing Roumania Is Object of Attack.

London, May 8.—In its flight from Jassy, the Roumanian capital, the American Red Cross mission to Roumania, which now has arrived in London, escaped from Odessa 36 hours before the Germans entered it only to be fired upon by a German battery in the Ukraine, 200 miles north of the famous Black Sea port.

The German shells did no damage to the Red Cross train, falling about half a mile from it. The bombardment lasted five minutes.

Troops Enjoy Long Hike.

Camp Cody, N. M., May 8.—The 125th Infantry (First Minnesota), under command of Colonel Erle D. Luce, has returned from a four day hike to Old Fort Cummins. The men stood the trip exceptionally well. They marched one day in a cold rain which was disagreeable, but they preferred that weather much more than the more prevalent sandstorms. During the absence of Colonel Luce, Colonel W. T. Mollison of the 136th Infantry (Second Minnesota) was in command of the 68th Infantry brigade.

AS IN SHAKESPEARE'S TIME

Old Tudor Architecture of Town of Stratford-on-Avon Has Been Wonderfully Restored.

Americans, who in prewar days, delighted in visiting "Shakespeare's country," would find many changes there now.

Quietly and unostentatiously through the unvarying efforts of Marie Correll, the novelist, and a few who support her artistic tastes, those last three and a half years have disclosed the ancient mysteries of Stratford. Old houses, with plastered walls, which were eyecoses to the visitors and residents alike, have been stripped of their outward ugliness, to reveal the quaint picturesque Tudor architecture of Shakespeare's time. Wherever it has been possible the early appearance of the buildings has been restored, and the effect has been a transformation and the restoration of the place as Shakespeare knew it.

The ancient "Sword of State" which hangs in Shakespeare's birthplace was removed from its scabbard in August, 1914, as an official notice that England was at war and the people say tradition forbids them to sheathe the old sword, carried by Shakespeare's father when he was high balliff in 1508-9, until England is again at peace.

Once at least, since war was declared, Shakespeare's old home has given expression to its feeling of gratitude to Americans for the tributes they have been privileged to pay to it from time to time. That was when the United States entered the war. President Wilson's memorable message to the congress was proclaimed aloud. Many of the townfolk had almost despaired of the momentous event, and it appears there were only two American flags in Stratford at the time. One was a great banner owned by Miss Marie Correll and the other waving from the house of John Harvard's mother. Both were promptly buried out into the breeze of the "garden spot of England," and thus America had again come into the hearts of Shakespeare's people.

"The Star-Spangled Banner" would be officially—as it has been unofficially—the national anthem of this country if a bill fathered by Congressman Dyer of Missouri should be enacted into law. The fact is that bills of similar import have been introduced at every session of congress for a great many years without success, for the reason that the committee on library, which has jurisdiction over such matters, has always taken the stand that this is a question which cannot be decided by congressional legislation. It is possible, however, that the supporters of the bill will urge its passage on the ground that this is a good time to give the choice of the people the stamp of official approval, and on such a plea the bill may win through.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.
